

**CONSUMERS NATIONAL BANK LAUNCHES
REMOTE CHECK DEPOSIT SERVICE**

Minerva, Ohio—Consumers National Bank announced today that it has introduced the Check Connect service, an upgrade to its mobile banking app that enables personal customers to deposit checks using the camera on their smartphones and tablets.

The online banking app, which is available for iPhone and iPad as well as Android phones and Kindle, can be downloaded for free from the App StoreSM or Google Play. With a few simple taps and snaps of the camera on their phone or tablet, customers can quickly deposit a check into their checking or savings account day or night from virtually any location.

In addition to making deposits from anywhere, Check Connect eliminates trips to the bank. Customers can use the service when the bank is closed as well. Check Connect offers the same information protection and security as online banking and generates a transaction confirmation to easily track deposits.

“The ability to deposit checks anytime, anywhere is an incredible convenience. Check Connect is a simple, quick, and secure service that makes banking easier for our customers. We are pleased to bring this technology and service to the community bank customer,” said Ralph J. Lober, II, President and CEO of Consumers National Bank.
