Consumers National Bank Marks 10th Anniversary At East Canton Office

East Canton, Ohio—When the large regional bank in East Canton shut its doors 10 years ago, residents were faced with losing the only bank in town. Instead of going without local banking services, the people of East Canton went to Consumers National Bank and asked them to open a branch office in town. The Board of Directors and management of Consumers National Bank felt that East Canton was a good fit and approved the construction of a new office building at 440 West Noble Street.

Reflecting on the branch's 10th anniversary, Kimberly Weiss, manager of the East Canton office, recalls working out of a trailer that served as a temporary office. "While our beautiful new office was being constructed, we operated the bank from a temporary trailer so that we could begin serving the community as quickly as possible," said Weiss. "There were certain challenges to working in a temporary location, such as not having a drive-up ATM, but we were able to provide full-service banking from the beginning. The community has welcomed and embraced us, and we have developed many long-term relationships with our customers." said Weiss.

Ten years down the road, Consumers National Bank is still the only bank in East Canton and the largest locally owned, independent community bank in Stark County, with five offices including its headquarters in Minerva.

###
